

SPRAWL FOR TOURIST

[shared urban load capacity]

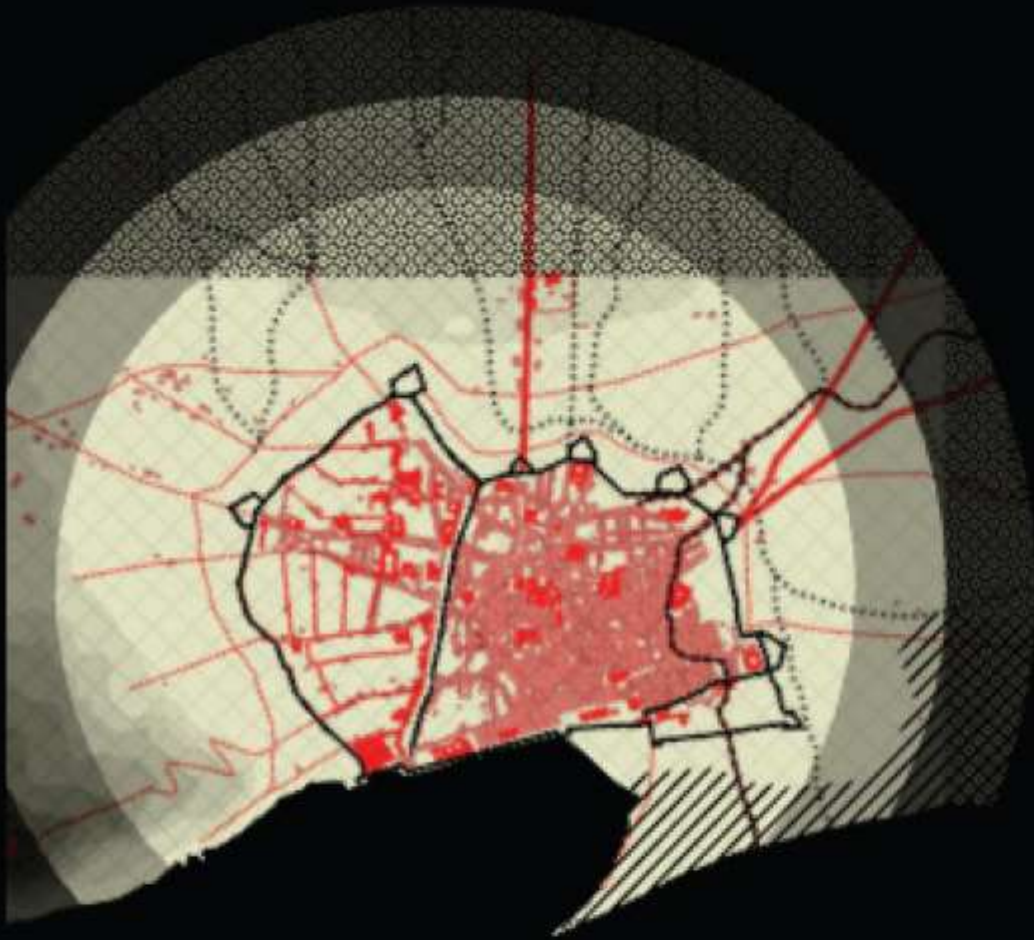

BARCELONA TODAY..!!

The Catalan revolt against the monarchy, which began in 1640 in the context of the 30 yrs War. A precarious fortification had also been built. After the defeat in the 1652, the control of the walls had been tranfered from the city to the monarchy.

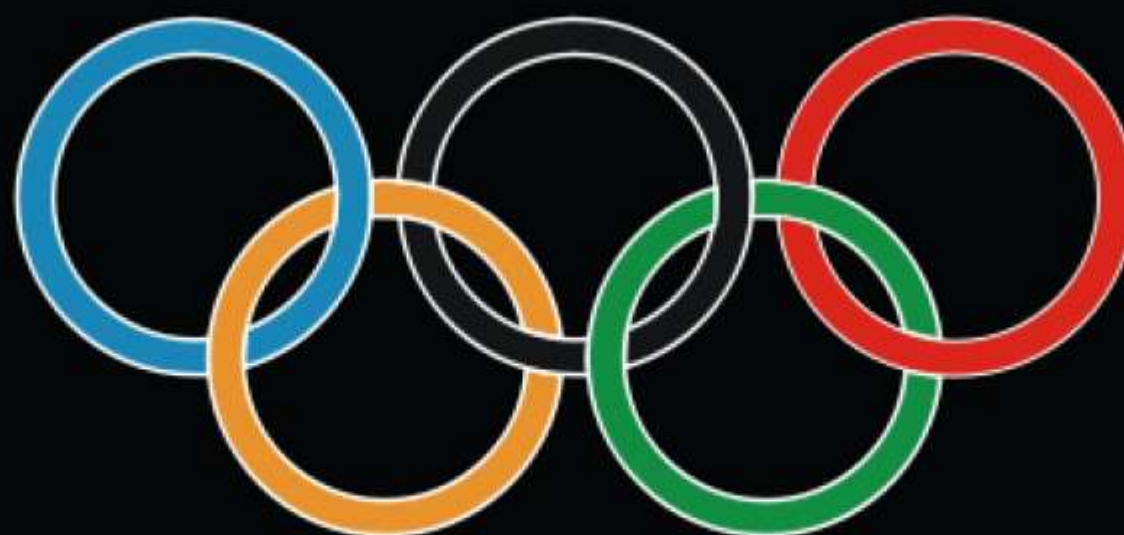

Emergence of the new city.
The Cerda grid was proposed along with the railway line
being built towards Girona and Tarragona.

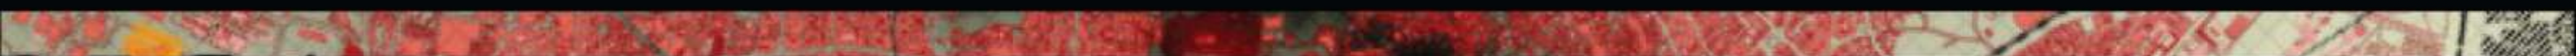

Modern Infrastructures
The formation of the New City had led to reunification
on a municipal level, undoing teh divisions effect.
